

LOCALS

A large number of cases was before District Magistrate McKay this week. They included larceny, assault and battery and others.

The citizens of Paia are trying to raise funds to erect a social hall for social purposes.

This is a good cause and deserves support.

The new residence being erected on Main Street by W. T. Robinson is one of the best in town. It is almost completed.

Mrs. Schraeder is making a number of much needed improvements at the Wailuku Hotel, including the erection of new cottages.

Sasaki of Paia was arrested Tuesday for soliciting immigration without a license.

ty to order these things and charged to the County. The Superintendent of Public Works informs me that there is no available appropriation in the Territory for this work. I would point out that a railing also should also be provided at this landing, as it will be used chiefly at night and it is very likely that passengers might fall into deep water in the unprotected condition of the wharf as it is. This work, it seems to me, should be charged either to Wailuku District or to the County in general. While the lading is in the Lahaina District it is used but very little, if at all, by residents of Lahaina.

Plans for the road at McGregor's have been prepared, and it is desired by the Public Works Department to advertise for bids as soon as possible. It is estimated that the work a little more than the amount of the Territorial appropriation, and I recommend that Board appropriate \$500 to be used on this work.

LAHAINA DISTRICT.

The construction of the relocated line from Honolulu towards Napili is being carried on satisfactorily and 1900 feet of this road are nearly completed. As this meeting comes so close to the first of the month, the overseer's report from Lahaina has not yet been received so that costs of the work under way over there are not at hand.

Preparations for macadamizing as authorized at the last meeting are blocked waiting for the rotary screen which has been ordered from the Coast, but the crusher and engine have been set up and a considerable quantity of rock crushed. Before macadamizing can be carried forward, however, a number of drains must be put in this road, which I believe can best be done by means of concrete pipe. Steel forms for making this pipe have been ordered from Honolulu and will probably be received this week. This pipe is coming into very extensive use in Honolulu and on the Mainland, and has proven very satisfactory and economical.

Another matter in conjunction with macadamizing is a curbing which will be required on this class of street. The best available stone for this purpose is to be found in the old building on the grounds of the Samuel Nowlin Estate, and an offer has been made to James L. Coke, Administrator of said estate for the purchase of this stone.

Material for Honokawai bridge has been landed at the site and work begun.

Material for the Ukumehame bridge has also been received at Olovalu, and will be taken to the site on the railroad, and the bridge will be completed this month. This bridge will be an all concrete steel bridge and will be a permanent structure not affected by the wear and tear of travel, nor excessive floods and will do away with a very troublesome crossing.

I find that my work will be expedited very considerably if, from time to time, I may have the privilege of employing an assistant who is able to run levels, make tracings and do other simple detail work which requires no great amount of skill, but takes my time from other more important matters. I shall not have need of an assistant for continuously service but upon several occasions throughout the year.

The Tool Reports which were authorized printed at the last meeting have been prepared and filled out by the various road overseers, and herewith presented.

A set of brands and dies for marking all of our tools has been procured and the work of marking all of the County property began.

As considerable delay is experienced in getting reports from the road overseers on time, I would suggest that they all be furnished with stamped and addressed envelopes, thus reducing the possible excuses for delay.

Now that matters of organization of the forces engaged in road and bridge work is about perfected, I trust that the actual work of construction will proceed with much more rapidity hereafter.

Respectfully submitted,
HUGH HOWELL,
County Engineer.

ORDINANCE NUMBER 4.

AN ORDINANCE to prohibit the exposure of gambling tables, gambling devices, instruments, or implements, in any building or portion thereof, barred or barricaded or otherwise built or protected in such manner as to make it difficult of access to police officers, when three or more persons are present; or the visiting of any such building or portion thereof; or the leasing or permitting the use of any such building or portion thereof; and providing a penalty therefor.

Be it ordained by the Board of Supervisors within and for the County of Maui:

Section 1. It shall be unlawful for any person within the limits of the County of Maui to exhibit or expose to view in any building, or portion of any building, barred or barricaded, or otherwise constructed or protected in such a manner as to make it difficult of access or ingress to police officers, when three or more persons are present, any cards, dice, dominoes, or any gambling table layout, or portion thereof, or any gambling instruments or implements whatsoever used in any game of faro, monte, roulette, tan, fan tan, che fa, pakapio, or any banking or percentage game played with cards, dice, dominoes, or any device whatsoever, for money, checks, credit, or any representative of value; or any other game in which money, or anything of value, is lost or won.

Section 2. It shall be unlawful for any person within the limits of the County of Maui to visit, resort to, or be present in, any building or portion of any building, barred or barricaded, or otherwise constructed or protected in such a manner as to make it difficult of access or ingress to police officers, when three or more persons are present, and wherein are exhibited or exposed to view any cards, dice, dominoes, or any gambling table layout, or portion thereof, or any gambling instruments or implements whatsoever used in any game of faro, monte, roulette, tan, fan tan, che fa, pakapio, or any banking or percentage game played with cards, dice, dominoes, or any device whatsoever, for money, checks, credit, or any representative of value; or any other game in which money, or anything of value, is lost or won.

Section 3. It shall be unlawful for any person within the limits of the County of Maui to knowingly lease, let, or permit the use of any building, or portion of any building, in which he is interested either as owner, lessee, or agent, that is barred or barricaded, or otherwise constructed or protected in such a manner as to make it difficult of access or ingress to police officers, and wherein are exposed cards, dice, dominoes, or any gambling table layout, or portion thereof, or any gambling instruments or implements whatsoever used in any game of faro, monte, roulette, tan, fan tan, che fa, pakapio, or any banking or percentage game played with cards, dice, dominoes, or any device whatsoever, for money, checks, credit, or any representative of value, or any other game in which money, or anything of value, is lost or won.

Section 4. Every person who shall, upon conviction thereof, be fined in a sum not less than \$100.00, nor more than \$500.00.

Section 5. This ordinance shall take effect from and after its publication as required by Ordinance Number 2.

Board of Supervisor, within and for the County of Maui,
by W. HENNING, Chairman.

Attest:
W. F. KAAE, (Seal)
Clerk of the Board of Supervisors,
